

The murderer has been caught!
Here is where everybody was, and how to get there.

It Wasn't the Bear

Difficulty: Hard

- 1 Alex: only column 8 possible – blocked for others. Grant must be on R6/C7 – the only possible cell.
- 2 Hana can't be there – otherwise the victim is nowhere left alone with exactly one suspect (no clear murderer). Hana must be on R8/C3 – the only possible cell.
- 3 Carol must be on R1/C1 – the only possible cell.
- 4 Elsa must be on R2/C5 – the only possible cell.
- 5 Floyd must be on R4/C6 – the only possible cell.
- 6 In row 5 everything is crossed out except R5/C2 – only Dalia fits there, no other suspect and not the victim. Dalia must be on R5/C2 – the only possible cell.
- 7 In column 4 everything is crossed out except R3/C4 – only the victim (Verena) can be there, no suspect. The victim Verena remains on the last free cell R3/C4.
- 8 Bella is south of Hana – impossible cells removed. Bella must be on R9/C9 – the only possible cell.
- 9 Alex must be on R7/C8 – the only possible cell.
- 10 Murderer: Elsa was alone with the victim in the Flamingo Pond.

The murderer is...

Elsa
