

Vengeance by Candlelight

Difficulty: Hard

- 1 Alex is north of Carol – impossible cells removed. Carol must be on R2/C5 – the only possible cell.
- 2 Carol needs someone beside the same barrel – only Alex can be it, so they must go there. Alex must be on R1/C6 – the only possible cell.
- 3 Someone must be on a carpet in Freya's room (Throne Room) – only R4/C3 can do that. The cell is certainly taken: the rest of its row and column is blocked, the cell itself only fits possible companions. Freya must be on R3/C4 – the only possible cell.
- 4 Elsa must be on R4/C3 – the only possible cell.
- 5 In row 6 everything is crossed out except R6/C1 – only Bella fits there, no other suspect and not the victim. Bella must be on R6/C1 – the only possible cell.
- 6 Dalia can't be there – otherwise the victim is nowhere left alone with exactly one suspect (no clear murderer). Dalia must be on R7/C7 – the only possible cell.
- 7 The victim Verena remains on the last free cell R5/C2.
- 8 Murderer: Bella was alone with the victim in the Courtyard.
